# The History of Yamaha

Ever since our founder Torakusu Yamaha repaired a broken reed organ in 1887, Yamaha has been a leading producer of groundbreaking musical instruments. From our handcrafted grand pianos to sleek modern guitars, our technical expertise focuses on usability above all.

In every design, we remember that music is about joy, beauty, and discovery. The Yamaha CS Reface blends those three qualities, so beginners and professionals can enjoy synthesis faster than ever before.

Selling around the world, Yamaha welcomes you to join us in creating legendary musical moments.
